DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 1, 2, 9, 14 and 15 are rejected under 35 U.S.C. 102(e) as being anticipated by Aikoh et al (Aikoh), U.S. Patent Pub. No. 2004/0111341.

Regarding claims 1, 2, 9, 14 and 15 Aikoh discloses a method for reselling content, comprising the steps of: (a) receiving sale information for, particular content to be resold from a seller terminal in reply to a request by a seller who wishes to resell the content over a communication network, and registering the corresponding content as secondhand content; and (b) providing the corresponding secondhand content to a buyer terminal in reply to a request by a buyer who wishes to buy the secondhand content, and transmitting sale information for the secondhand content to the seller terminal 0022, 0077-0079, 0097, 0119, 0123.

Aikoh further discloses paying a sale price for the secondhand content to the seller after charging a fee for the secondhand content to the buyer (0123) and paying to

the seller an amount of money determined by subtracting a predetermined commission from a fee for the secondhand content paid by the buyer (0123).

Allowable Subject Matter

3. Claims 3-8 and 10-13 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
